ORACLE HELPS IPE GLOBAL IN MANAGING PROJECTS & UTILIZATION OF RESOURCES

Why They Choose Oracle EBS:

IPE Global is an International Development Consultancy Group providing expert consultancy for equitable development and sustainable growth for developing countries. Being a consultancy to be desired to manage its various contracts, time allocated by in house resources and consultants, cost incurred on each assignment since its inception, tracking and controlling of cost on each task of the assignment and on each resource deployed on the project, Requirement was primarily due to:

- Create Accountability of assignment (project) to the team delegated,
- Schedule for the bills to be raised during the course of the assignment,
- Billing on the basis of time allocated by the resources,
- Statement of Expenditure for each assignment to capture cost incurred since its inception,
- To assess the profitability assignment wise and region-wise of its operations in India.

Oracle helped the organization in managing its business via controlling cost and managing its receivables for various assignments.

Challenges

- Project Management
- Project Expense incurrence in designated expense heads only
- Managing Foreign Remittances
- Periodic Statutory Reports & Date specific Compliances
- Billable Cost, Non-Billable Cost by Business Unit
- Project wise Profitability
- Debtor Analysis & Order book for Business Continuity
- EMD & BG Status Project Wise

Advantage

- Maintenance and Tracking of Project Data
- Project/Task based Cost Allocation Feasible
- Approval hierarchy can be project based
- Effective Resource time management
- Transaction Control in Project can restrict expense incurrence in a project
- Project Time based billing
- Project Budgetary Control
- Compliance to Statutory Requirements
- Notifications/Alerts and Email Integration
- Auto Reconciliations
