ORACLE HELPED FASTWAY INCREASING ITS SUBSCRIBERS WHILE REDUCING ASSET RISK

Why They Choose Oracle EBS: Fastway Transmissions Private Limited is fastest growing Multi System Operators (MSO) in North India. **Fastway** is the first MSO in India to use futuristic 10 Gig IP Technology for transmitting Digital TV Services all across the markets it covers.

Fastway services are available in majority of areas in Punjab, Himachal Pradesh, Haryana and Union Territory of Chandigarh. Fastway provides Digital Cable TV services in North India. Cable Services offered are as Digital Cable or Set Top Box. Reason for selecting Oracle EBS were:

- Inventory Tracking and Management
- Real Time Inventory costing
- Budgetary Control
- Integration with POS system
- Accounting for Customer Billing
- Integrated Modules – Purchasing, Financials and Inventory

Challenges

- Managing Inventory across multiple locations, including the inventory at the Local Cable Operator.
- Real time Integration with the billing solution
- Establish unified the processes across location for effective utilization of the resources.
- Real time inventory management.
- Extending the technology footprint to the other stake holders such as suppliers, employees.
- Holistic view of the complete organization at single instance is critical milestone

Advantage

- Automation of the Finance/ Inventory/ Purchase process
- Integrated business functions across organization
- Supports Account based Budgetary control. Ex: Budgetary control at PO & PR stage.
- Segment wise profitability can be ascertained
- Asset Tracking Feasible
- Flexible to configure different Asset books as per Companies Act and Income Tax Act
- Cost can be loaded on Inventory
- Application Supports Multi Currency Maintenance, Accounting and Reporting
- Application Supports Multi level Approval Hierarchy
- System driven Statutory Requirement

Incorporated in 2010 in New Delhi, Prudence Technology is now having a global footprint in USA, EMEA & APAC works on the philosophy of "CAS (Customer Acquisition & Satisfaction)". Prudence helps organizations to choose and implement business solutions like ERP, Business Intelligence, CRM, and Human Capital Management on cloud or on premise.
